

## *Kindergarten is around the corner*

Presented by Laurie Barnes and Christine Krueger

**Tuesday, January 26, 2010**

**7:00 – 8:00 PM**

We would like to invite you to our parent meeting on the topic of “**The Kindergarten Year in a Montessori Environment**”. This will be an informative meeting for parents who would like to begin thinking about their child’s Kindergarten year.

Montessori Pathways is a small school with a true sense of community, increasing the social awareness of the kindergarten student. Field trips, refinement presentations and extra practice further refine the social and academic skills of the child. The leadership role taken on by the students makes Kindergarten a special time at Montessori Pathways, enriching them with a healthy self esteem.

In addition to refining and further developing academic skills, the kindergarten year opens the world of history, geography and science, thus building the broad foundation necessary for independence and leadership. Most importantly, the Montessori curriculum increases the continued development of the child’s natural love of learning.

**It is important for all parents of future kindergarten students to attend this meeting. If you have any questions, please feel free to contact the office at (815) 459-6727.**

**Looking forward to seeing you there!**
