

## *Montessori Materials: how do they work?*

Presented by Ms. Christine and Ms. Ambreen

**Thursday, February 11, 2010**

**7:00 – 8:00 PM**

We would like to invite you to our Parent Meeting on the topic of “**The Montessori Materials**”. The Montessori materials stimulate the children in independent learning by providing an impulse for spontaneous activities that are in harmony with their physical, mental and social phase of development.

Dr. Montessori always emphasized that **the hand is the chief teacher of the child**. In order to learn there must be concentration, and the best way a child can concentrate is by fixing his attention on some task he is performing with his hands.

During the meeting, Ms. Christine and Ms. Ambreen will demonstrate the correct use of the materials and explain how the kids benefit from them.

**If you have any questions, please feel free to contact the office at  
(815) 459-6727**

**Looking forward to seeing you there!**

**R.S.V.P. by Tuesday, February 9, 2010**
